[12:52] <khaosrayne> @pray4rock seriously!!

[12:52] <bethemadeagle> rancid\*

[12:52] <thatanonybear> @BetheMadEagle pls understand

[12:52] <sprank\_n> Battlefront 2 loot box system is being investigated in Europe and could possibly get EA to pay fines or remove the game from stores

[12:52] <bethemadeagle> i cant

[12:53] <thatanonybear> @khaosrayne there's only one way to find out, pledge today!

[12:53] <cookiemonster414> allah BlessRNG  
[12:53] <thenewfaceofcreation> he said allah?  
[12:53] <pray4rock> Just like Hearthstone  
[12:53] <eldeadmariachi> Now that Dead Space is dead other than FIFA I don't care about EA anymore.  
[12:53] <i\_came\_here\_to\_something> Didn't Shadow of War do the same thing?  
[12:53] <paddingtonbear187> allah akhbar? OSsloth  
[12:53] <sprank\_n> @I\_Came\_Here\_To\_Something nope  
[12:53] <khaosrayne> @ThatAnonyBear nah, i need a sure thing.. my funds are limited already  
[12:54] <korewasugoi> the only microtransactions im okay with are the ones found in Warframe  
[12:54] <khaosrayne> I dont gamble lol  
[12:54] <goldencolts> hey dudes  
[12:54] <korewasugoi> doing it right  
[12:54] <jonathan\_snow> Dokkan Summoning  
[12:54] <whiit3shadow> @DarksydePhil i put the time in on my account lol  
[12:54] <i\_came\_here\_to\_something> @Sprank\_N I definitely recall Act 4 of that game being a grindfest you had to pay out money for to beat in a reasonable span of time  
[12:55] <thatanonybear> <https://www.youtube.com/watch?v=PBwAxmrE194>  
[12:55] <eldeadmariachi> I want Luke's looks  
[12:55] <babyvampirethug> cheer10  
[12:55] <goldencolts> you shouldn't have to gamble or invest massive ammounts of time to unlock core parts of the game experience NotLikeThis  
[12:55] <infinite\_55> The 1% of addicts, shouldn't ruin it for the 99% that are not. I'm still against loot boxes though.  
[12:55] <johny\_alumni> Bugged loot box mechanics  
[12:55] <tigerflamessss> PowerUpL YouDontSay PowerUpR  
[12:55] <goldencolts> which is the reason people are upset  
[12:55] <korewasugoi> Battlefront 2 is a F2P sold with a full price  
[12:55] <atlastelamon9> The Dutch government is investigating the setup of Battlefront 2 due to gambling laws  
[12:55] <nietzschescholar> why does this streamer keep snorting?  
[12:56] <thatanonybear> @NietzscheScholar medical conditions  
[12:56] <pray4rock> All these games are being intentional designed for the consumer to spend money on boxes  
[12:56] <sprank\_n> @I\_Came\_Here\_To\_Something Not really, i played through the entirety of Act 4 and beat it in a very reasonable time without spending a dime so the loot boxes are not tied to progression  
[12:56] <johny\_alumni> @nietzschescholar nasal drip  
[12:56] <eldeadmariachi> I heard that Belgium is also investigating EA too  
[12:56] <bentboxer> he fucked your piggy momma @NietzscheScholar  
[12:56] <thatanonybear> @bentboxer WOW  
[12:56] <paddingtonbear187> bent calm ur tits  
[12:56] <thatanonybear> thats vulgah  
[12:56] <korewasugoi> @bentboxer man was asking an legit question and you have to be an ass?  
[12:56] <thenewfaceofcreation> @bentboxer be nice man  
[12:57] <jonathan\_snow> Phil should do a Dokkan battle stream  
[12:57] <i\_came\_here\_to\_something> @Sprank\_N The thing is tho, I don't think many other people actually did that.  
[12:57] <strawberrypantsu> WE WAS KANGS  
[12:57] <thatanonybear> @KoreWaSugoi it's a joke, obv lol  
[12:57] <goldencolts> cmonBruh

[12:57] <korewasugoi> Battlefront 2 should be F2P

[12:57] <chairmancaleb> @I\_Came\_Here\_To\_Something That's their prerogative though, yeah?

[12:57] <thatanonybear> they cut out the retf of the content for the season pass

[12:57] <whiit3shadow> he could, but he would need to cover up so much of the screen

[12:57] <sprank\_n> @I\_Came\_Here\_To\_Something well if they decided to purchase in-game money thats there fault for being impatient not the developers fault

[12:58] <whiit3shadow> or trolls would try to steal his account

[12:58] <tantamounter> cheer100

[12:58] <atlastelamon9> There are never enough servers

[12:58] <thatanonybear> @Sprank\_N it's not about assigning fault, but assigning responsibility

[12:58] <atlastelamon9> Do they have dedicated servers?

[12:58] <korewasugoi> rocket league on the switch tho Kreygasm

[12:58] <thatanonybear> devs are responsible for implementing this exploitation

[12:58] <solidussnakex> The game is already out for people who preordered the deluxe edition

[12:59] <runki> single player requires online aswell so it might be down too

[12:59] <i\_came\_here\_to\_something> @ChairmanCaleb @Sprank\_N I think it's just more an issue why a \$60 AAA game needs to include yet more stuff to pay for on top of regular DLC, especially when that extra stuff is usually for games that are offered at big discount or free. It stinks of greed.

[12:59] <thatanonybear> supposedly the game is very broken to

[12:59] <hurshat> i refuse to buy ANY game which uses microtransactions or season passes, on principle. i agree with everyone who makes arguments against both of these atrocious facets of modern games.

[12:59] <jetset3000> fuck EA

[12:59] <flyeaglesfly01> @I\_Came\_Here\_To\_Something Its EA

[13:00] <paddingtonbear187> wtf

[13:00] <atlastelamon9> Bullshit early access

[13:00] <moeneek\_thethird> geez

[13:00] <nietzschescholar> ewww gross

[13:00] <korewasugoi> Origin access isnt really an "controversy"

[13:00] <goldencolts> ScaredyCat

[13:00] <paddingtonbear187> cmonBruh

[13:00] <mysteriousmaster01> fuckin ell

[13:00] <chairmancaleb> @I\_Came\_Here\_To\_Something Because it's their product. Don't like it, don't buy it. You can call it greed, but it's also their prerogative to do what they want w/ their product.

[13:00] <sledgehammer\_dev1> such profession

[13:00] <jetset3000> AMPTropPunch

[13:00] <flyeaglesfly01> @ChairmanCaleb lol

[13:00] <thatanonybear> cheer10 WWE 2K18 had the same practice with preordering at a higher price for early access

[13:00] <eldeadmariachi> "I can't stop burping, I can't stop, don't know how to stop"

[13:00] <ornightz> cheer10 so yeah a 57 yr old manga artist married a 20 yr old Model all the while he had a fiancée and is now getting Flak for it , your thoughts ?

[13:00] <goldencolts> ??? LUL

[13:01] <korewasugoi> well Pubg is an nominee for GOTY and the game is in early access.....

[13:01] <flyeaglesfly01> @ChairmanCaleb What theyre doing is fucked tbh. I love EA games but its still wrong

[13:01] <chairmancaleb> @Ornightz Do you really think he's going to know anything about that? lmao

[13:01] <goldencolts> what does that have to do with anything even LUL

[13:01] <aproxymate> Origin access dude

[13:01] <ornightz> ChairmanCaleb I doubt anyone right now , just found out about it this morning

[13:01] <wxrxaxtxh> SHALID

[13:01] <korewasugoi> Origin access is not bad

[13:01] <chairmancaleb> @FlyEaglesFly01 I didn't say I disagree, but you vote w/ your wallets. Don't support the microtransactions.

[13:01] <aproxymate> No one paid \$20. They had origin access  
[13:01] <thenewfaceofcreation> SHAILD  
[13:02] <johny\_alumni> When a company tells you they own you  
[13:02] <solidussnakex> I've been playing it and It's totally worth it  
[13:02] <thenewfaceofcreation> @WxRxAxTxH hi dood  
[13:02] <sprank\_n> @I\_Came\_Here\_To\_Something the main issue i have with loot boxes is when they hinder progression behind paywalls, shadow of war doesn't do that. IMO if you paid to blast through act 4 instead of playing for a good 4 hours thats your own fault. And you are responsible for your own actions.  
[13:02] <korewasugoi> @Aproxymate yeah, thats where most got the game early  
[13:02] <kittyspank> then why play lol  
[13:02] <flyeaglesfly01> @ChairmanCaleb Your right  
[13:02] <johny\_alumni> Screw you ea  
[13:02] <thatanonybear> some people are born livid about this  
[13:02] <dankmemeking840> there is a cool down on earning credits too  
[13:02] <wxrxaxtxh> FOCUSED\  
[13:02] <i\_came\_here\_to\_something> @ChairmanCaleb I agree. But why do some people get called out for deciding to do that, and boycott games that do such practices? I've heard people call those sort "immature children" and stuff like that. Boycotting greedy business tactics shouldn't be ridiculed.  
[13:02] <pray4rock> Gotta vote with your wallet  
[13:02] <bethemadeagle> wrath hello  
[13:02] <kittyspank> its like complaining about healthcare then voting republican  
[13:02] <wxrxaxtxh> hello bethe  
[13:02] <solidussnakex> All the dlc will be free this year  
[13:03] <thatanonybear> @pray4rock voting with your wallet affects the devs, not the publishers who are orchestrating this. Speaking out loudly like they did on Reddit affects more change than anything else  
[13:03] <korewasugoi> they should have just remade the original Battlefront 2 and 1  
[13:03] <aproxymate> That's the problem @kittyspank. People complain but still open their wallets  
[13:03] <chairmancaleb> Can't even have a conversation in R9k mode, sheesh.  
[13:03] <kittyspank> psychological manipulation is a bitch  
[13:03] <sardarkh> Dropping BF2 is the right thing to do  
[13:03] <thatanonybear> r9k off  
[13:04] <chairmancaleb> @I\_Came\_Here\_To\_Something The only people I think are "immature children" are the ones who want the government to dictate what companies should do w/ their product. I have no issue w/ boycotting personally.  
[13:04] <korewasugoi> LUL LUL LUL LUL

[13:04] <i\_came\_here\_to\_something> @Sprank\_N TBF you can do the same thing in a lot of mobile games that you can do in Shadows of War. It would just take a lot longer, and some of them use artificial timer limits. But compared to other AAA console/PC games without that stuff, SoW has a noticeable grind to that last act.

[14:03] <segregate> @Sprank\_N wouldn't be surprised if he was being honest, mainstream media corrupting innocent minds 4Head

[14:03] <karlis\_k> @Bionich00t I think it makes sense that having it legal would bring in profits from taxes, cut out the illegal element, it would cause mass hype for the stuff at first but as people have said: make people wear gloves at all times and there will be hand porn

[14:04] <bionich00t> @Karlisk\_K That's a pretty immoral argument saying we should legalize a dangerous substance just to make profits off it for taxes. You could make the same argument for prostitution or slavery.

[14:21] <i\_came\_here\_to\_something> @ForAutoA The closest on consoles is Driveclub, but it launched half-done. Sega has a new Daytona in arcades but it's just a reskin of the original. I'm looking forward to their Sega World Drivers Championship game tho, that's looking really good. Arcade-only again tho, for now :(  
[14:21] <sprank\_n> @dukaduka i played a good chunk of skate games and movie adaptation games, and its not just my opinion. It's an already accepted norm that these games are terrible cash-ins with only around 10 hours of repetitive gameplay and no innovation, although to be fair it's hard to innovate those kinds of games  
[14:21] <dukaduka> @DivanErasmus A car is a status symbol, so i get that. I just miss the upgrade oriented game

They're investing in new arcade stuff tho like World Drivers that could get console ports hopefully. I'd love a new Sega console too, or at least new releases in IP like Outrun and Panzer Dragoon.

[16:38] <i\_came\_here\_to\_something> STDs is the more popular shorthand tho and it's been that way since the '90s. But, people also referred to them as STIs around then too, simply not nearly as much.  
[16:38] <djruno1> phil is the only guy i can trust to get lost on a racing track

[16:39] <neospartanhesperos9> cheer10 not all STI's cause a disease, they are in your body without showing symptoms. an STD is created from an STI, and so in an STD you show symptoms. Not all STI's will result in an STD but all STD's are STIs  
[16:39] <5star\_hentai> shame on them for not making need for speed nascar instead
